Master the art of being lucky

WHAT THE HECK?!?

If you take a topiary approach to your personal grooming (and by that we mean very scrupulous trimming), the new **Peeka-bu Intimate Grooming Mirror** (\$29; peeka-bu.com) can be useful—you get a good view with both hands free. Attached to a flexible arm that suctions onto a wall (or floor or shower door), it lets you examine things you otherwise couldn't (unless your yoga practice has *really* taken off). In the manufacturer's words, the mirror keeps you "in command of your personal terrain." But if you're not into landscaping, this contraption is destined to become a dust-collector. —J.B.
